- answer each question in good faith and to the best of his knowledge;
- provide the broker with the available documents supporting his answers (invoices, warranties, plans, estimates, permits, reports, notices, leases, documents attesting to the type of drinking water supply, document relating to sanitary systems or other);
- provide details of the answers given (details must be indicated under section D15 and must indicate the details of the situation to be reported, such as the nature of the event, place, how the situation was resolved, if applicable, etc.).

This form enables the buyer to:

- read the answers provided by the seller and obtain the necessary details from the broker;
- acknowledge receipt of the form.

In the context of a succession, the liquidator shall answer the questions of this form to the best of his knowledge. If he is unable to answer a question, he may indicate it in D15 and mention his status and why he cannot answer the question.

In this form, the singular includes the plural and vice versa, when the context permits. In addition, the term "immovable" includes the land and all buildings erected thereon, when the context permits.
